

HAYDEN AFTER SCHOOL

2017-2018

WAITLIST

Hayden After School is an extended day activity program that is offered on a first-come, first-served basis to a limited number of Hayden members in Kindergarten through fifth grade. Hayden After School offers a caring, supportive and fun environment that is individualized to each child's needs. Activities include games, crafts, group play, homework time, special events, outdoor time, and free play. In addition, a healthful, nutritious snack will be offered.

Not all children are suited to the Hayden After School program. We reserve the right, after a two-week trial period, to make that determination.

Each child must be registered for a *minimum of two blocks per week*. See list below for blocks – **Thursday is 2 blocks**.
